serial... As soon as the Nintendo Switch
system is activated, there is a message in the
box indicating that the game will come to the
Nintendo eShop. The system can be reset, and
GameData Player will be automatically
installed. All previously purchased games can
be installed on the Nintendo Switch system
just as they were originally installed on the
system that originally purchased them. Once
GameData Player is activated, you are given a
choice between a free version and a premium

version. The latter will download a code and an in-game coupon. Once the free version is activated, you
