Can you survive 1000 rooms of cute horror? Or you will break down as soon as the attraction starts to fade and you will flee from the inexpressible. 2 GHz Memory: 2 GB RAM Video: Intel HD Graphics with 1 GB. Looks impressive, but not really impressive. However, on paper it's promising and looks much more than just a game of hide and seek. In any case, if you are a fan of the genre and know how to complete each level, then you will not have any problems even if you are not a fan of the genre. Once you're stuck in it, there's a quick way to escape. The game has one level where you can't escape right away.
